Title: Issue regarding alarming situation caused due to some unknown fever spreading in West Bengal.

SHRI ADHIR RANJAN CHOWDHURY (BAHARAMPUR): Madam, I would like to draw the attention of the House to the grave situation arising in West Bengal. Madam, you will be astonished to note that Dengue and some other unknown fever have assumed an alarming proportion in West Bengal. It is virtually under threshold of an epidemic. But the State Government is totally indifferent and apathetic to the grave situation prevailing there.

The Dengue and the unknown fever have already taken a toll of more than 10 students and others. Moreover, thousands of people have been affected by it. I would like to draw the attention of the Minister of Health to take immediate measures in this regard. Thank you, Madam.
